

## Dräger Webinar - Neonatal ventilation

Patient – Ventilator Interactions in newer modes of ventilation

**Attend an international conference  
in the comfort of your hospital.**

Dear Sir or Madam,

We are pleased to invite you to attend our international webinar conducted by Martin Keszler, MD, Associate Director of the Neonatal Intensive Care Unit and Director of Respiratory Care Services at the Women and Infants Hospital in Providence, Rhode Island, USA and hosted by Dräger.

Here is a look at the program:

1. Why Volume Guarantee?
2. Clinical application of Volume Guarantee
3. Selecting appropriate inspiratory times, pressures & tidal volumes
4. Volume Guarantee – acute or weaning tool?

**TUESDAY · 13TH DECEMBER 2011 · 1-2 PM CENTRAL EUROPEAN TIME (GERMANY)**

Please check your local time at [www.timezoneconverter.com/cgi-bin/tzref.tzc](http://www.timezoneconverter.com/cgi-bin/tzref.tzc)

The registration deadline is Wednesday December 7, 2011.

Seating is limited so please register early.

Kind regards,  
Dräger Webinar Team
