Under the Auspices of the Union of European Neonatal and Perinatal Societies (UENPS)

WELCOME ADDRESS

It is great pleasure and honour to welcome you to our symposium:
Second Turkish - Hellenic Days Neonatology Organized by Turkish and Hellenic Neonatal Societies which will be held in The Marmara Hotel, Istanbul on September 15, 2012.

This symposium is the result of the very important and productive cooperation that has been developed between Turkish and Hellenic Neonatal Societies. The two societies have formed not only a strong and fertile bond as members of the Executive Committee of UENPS, but only a warm friendship and cooperation that started at the International Congress of UENPS in İstanbul in November 2010. Our common goal is the development of neonatal and perinatal care and the meaningful reinforcement of this cooperation between the two countries on matters concerning neonatology. In this symposium our aim is to focus on current issues and dilemmas in order to improve neonatal care and provide all participants with the opportunity to be informed and exchange opinions on neonatal strategies and practices in the two neighboring countries.

Reputable and acclaimed Greek and Turkish Neonatologists and university professors have been invited to participate as speakers, so that they will contribute to the attainment of our goal with their well-rounded, in-depth presentations.

We hope, you will enjoy the scientific programme and we look forward to your active participation.

Sincerely

Best Wishes

Murat Yurdakok

President of the TNS

Fani Anatolitou

President of the HNS
